LIMITED PERIOD POWER SUPPLY

Our limited period electrical power is generated from renewable sources. It is a practical option, since it is based on the power supply schedule established by the organiser, and is automatically shut off overnight. A limited power power supply is the perfect solution for equipment that does not need to be powered around the clock.

24H/24 PERIOD POWER SUPPLY

Our 24h/24 electrical power is generated from renewable sources. Please indicate if your equipment needs to be supplied with electrical power 24/7; our 24h/24 power supply is available day and night. Some equipment (refrigerators, servers, payment terminals, etc.) must remain plugged in around the clock. For these, a 24h/24 power supply is what you need.

WORKSITE POWER SUPPLY

This is what is called a "worksit power supply". What exactly is it? A worksit power supply gives you access to electricity before the official power supply date. This option, which can be a real advantage, is available at certain Viparis sites(1).

If you would like to have electrical power to work on your stand prior to the opening day, please ask us for a quote(2).

The same is true if you need electrical power to dismantle your equipment after the event closes(2). After electrical connections are installed at your stand, you will be invoiced for any repositioning.

(1) Available at Paris Expo Porte de Versailles, Paris Nord Villepinte and Paris Le Bourget.

(2) Available during the official setup and breakdown periods.

WIRED INTERNET

The digital age has arrived. This is why you need an installation that best fits your needs. Do you need a turnkey solution, so that you can be up and running immediately? VIPARIS's plug-and-play options provide Internet connections that are automatically configured in DHCP. You can enjoy immediate access to a private IP address, at rates which vary depending on bandwidth. Please contact Exhibitor Services to find out more. Useful tip:

If you have several devices to connect to the network, you can order additional services (switching, cabling, etc.) or fill out the quote request form.
