

Press release for visitors

March 10, 2020

SITL will be held in hall 6 next to Global Industrie

NEW DATES : JUNE 23 - 26, 2020

BACK TO THE ORIGINAL EXHIBITION SITE : – Hall 6 – Paris Nord Villepinte

Paris, March 10, 2020 – Since the announcement of SITL postponement on March 4, the show management has maintained its efforts with Viparis to find a better solution for exhibitors and visitors. The new dates are now final, SITL will take place from **June 23 to 26, 2020 - at Paris Nord Villepinte**.

SITL will be held in its original place in hall 6, in conjunction with the Global Industrie exhibition from Tuesday, June 23rd to Friday 26th.

Thomas Desplanques, Director of the Division in charge of SITL says: "We keep on receiving many messages of support from our customers and partners over the past few days. Maintaining the same hall with the new dates is excellent news and will be profitable for both exhibitors and visitors. This site fits best to our products demonstrations spaces and to key players in the industry who have plenty of solutions to show you during the 4 days of the event. "
